Starting Prices

Identity and Access Management: Control who has access to your systems.	From €250
Firewall Management: Monitor and manage firewall configurations.	From €300
Encryption Services: Protect sensitive data through encryption.	From €350
Penetration Testing: Simulate attacks to find and fix vulnerabilities.	From €400
Security Awareness Training: Educate your staff on security best practices.	From €200
Malware Protection: Defend against viruses, spyware, and other malicious software.	From €300
DDoS Protection: Safeguard your network from distributed denial-of-service attacks.	From €250
Endpoint Security: Protect devices accessing your network.	From €300
Data Loss Prevention: Implement measures to prevent data breaches.	From €350
Application Security: Ensure the security of your software applications.	From €300

Cloud Solutions

Fixed Prices

Cloud Migration: Seamlessly move your data and applications to the cloud.	€400
Cloud Management: Optimise and manage your cloud environment.	€450
Cloud Security: Protect your cloud-based assets with advanced security measures.	€300
Hybrid Cloud Solutions: Combine on-premise and cloud resources effectively.	€350
Cloud Backup: Ensure your data is securely backed up in the cloud.	€300

Starting Prices

Disaster Recovery as a Service (DRaaS): Implement cloud-based disaster recovery solutions.	From €250
Cloud Consulting: Get expert advice on cloud strategy and implementation.	From €300
SaaS Management: Optimise your use of Software as a Service application.	From €350
IaaS and PaaS Solutions: Implement Infrastructure as a Service and Platform as a Service.	From €400
Serverless Computing: Explore serverless architectures for scalability and efficiency.	From €300
Cloud Cost Management: Control and optimise your cloud spending.	From €250
Cloud Monitoring: Continuously monitor cloud performance and availability.	From €300
DevOps Automation: Implement DevOps practices in your cloud environment.	From €350
Virtual Desktops: Deploy virtual desktop solutions for remote work.	From €300
AI and Machine Learning in the Cloud: Leverage AI and ML capabilities through cloud platforms.	From €400

Microsoft & Apple Services

Fixed Prices

Microsoft Solutions: Office 365, Azure, Windows Server, and more.	€300
Apple Support: macOS, iOS, and related hardware and software.	€350
Cross-Platform Integration: Ensure seamless integration between Microsoft and Apple products.	€400
Exchange Server Management: Manage your Microsoft Exchange servers.	€450
Active Directory Services: Implement and manage Active Directory.	€300

Starting Prices

Intune Management: Manage mobile devices using Microsoft Intune.	From €250
SharePoint Services: Implement and support SharePoint solutions.	From €300
OneDrive for Business: Manage your OneDrive for Business environment.	From €200
Microsoft Teams: Set up and optimise Microsoft Teams for collaboration.	From €300

Starting Prices

Business Continuity Planning: Ensure your business can operate during disruptions.	From €250
IT Governance: Establish policies and procedures for effective IT management.	From €300
Cost Optimization: Reduce IT expenses while maintaining service quality.	From €200
Technology Training: Educate your staff on new technologies and best practices.	From €250
Project Management: Oversee IT projects from inception to completion.	From €300

Systems and Data Integration

Fixed Prices

System Integration: Connect disparate systems for seamless data flow and functionality.	€400
Data Integration: Consolidate data from multiple sources into a unified view.	€350
API Development: Create custom APIs for better system interoperability.	€300
Middleware Solutions: Implement middleware to facilitate communication between systems.	€350
Enterprise Application Integration: Integrate enterprise applications to streamline business processes.	€300

Starting Prices

Data Migration: Ensure safe and efficient data transfer between systems.	From €250
ETL Solutions: Extract, transform, and load data for better analysis and reporting.	From €300
Master Data Management: Maintain consistent and accurate data across your organisation.	From €350
Data Synchronisation: Ensure data consistency and accuracy across systems.	From €300
Integration Testing: Verify that integrated systems function correctly and efficiently.	From €400

Data Warehousing & BI

Fixed Prices

Data Warehousing: Design and implement data warehouses for efficient storage and retrieval.	€400
Business Intelligence: Develop BI solutions to turn data into actionable insights.	€350
Data Analytics: Perform advanced data analytics to uncover trends and patterns.	€300
Reporting Solutions: Create custom reports for better decision-making.	€300
Data Governance: Ensure data quality, security, and compliance.	€450

Starting Prices

Big Data Solutions: Manage and analyse large volumes of data for strategic insights.	From €250
Data Visualization: Use visualisation tools to present data in an easy-to-understand format.	From €300
Predictive Analytics: Use data to forecast future trends and behaviours.	From €350
Data Mining: Extract valuable information from large datasets.	From €300
Self-Service BI: Empower users to create their reports and dashboards.	From €250

Mobile and Web App Development

Fixed Prices

- Mobile App Development:** Create user-friendly mobile apps for iOS and Android. €400
- Web App Development:** Develop responsive and scalable web applications. €450
- Custom Application Development:** Build custom applications tailored to your business needs. €300
- User Experience Design:** Focus on UX design to enhance user satisfaction. €350
- App Maintenance and Support:** Provide ongoing support and updates for your applications. €300

Starting Prices

- Cross-Platform Development:** Develop apps that work on multiple platforms. From €250
- Progressive Web Apps:** Build fast and reliable web apps with offline capabilities. From €300
- E-commerce Applications:** Develop apps for online shopping and transactions. From €350
- Enterprise Applications:** Create applications to support business operations. From €400
- Application Security:** Ensure the security of your mobile and web applications. From €300

UI / UX Design

Fixed Prices

User Research: Conduct research to understand user needs and preferences.	€300
Wireframing and Prototyping: Develop wireframes and prototypes to visualise design concepts.	€350
Visual Design: Create visually appealing and functional designs.	€400
Interaction Design: Design interactive elements that enhance usability.	€300
Usability Testing: Test designs to ensure they meet user expectations and requirements.	€350

Starting Prices

Responsive Design: Ensure designs work well on various devices and screen sizes.	From €250
Accessibility Design: Make designs accessible to all users, including those with disabilities.	From €300
Information Architecture: Organise content to improve navigation and usability.	From €350
Design Systems: Develop reusable design components for consistency.	From €300
User Interface Guidelines: Establish guidelines to maintain design standards.	From €200

AI Consulting Services

Fixed Prices

AI Strategy Development: Develop a strategic plan for AI adoption.	€400
Machine Learning Solutions: Implement machine learning models to analyse data and predict outcomes.	€450
Natural Language Processing: Utilise NLP to enhance customer interactions and automate processes.	€300
AI Integration: Integrate AI solutions into your existing systems and workflows.	€350
AI Training and Support: Provide training and support to ensure successful AI implementation.	€300

Starting Prices

Predictive Analytics: Use AI to forecast trends and behaviours.	From €250
Computer Vision: Implement image and video analysis solutions.	From €300
Robotic Process Automation: Automate repetitive tasks with AI-driven robots.	From €350
AI-Driven Insights: Gain deeper insights from your data using AI	From €300
AI Ethics and Governance: Ensure responsible and ethical use of AI technologies.	From €400

Complete Packages

Package 1: Essential IT and Digital Foundation

From €5,000

This package is designed for businesses looking to establish a solid IT foundation and begin their digital transformation journey. It includes essential IT services and initial digital transformation solutions to ensure your business operates efficiently and securely.

IT Services:

- ▲ Network Management
- ▲ Help Desk Support
- ▲ System Administration
- ▲ Hardware and Software Procurement
- ▲ Backup and Recovery
- ▲ Email Services
- ▲ Telephony Services
- ▲ Mobile Device Management
- ▲ Print Management
- ▲ Remote IT Support

Digital Transformation Services:

- ▲ Digital Strategy Development
- ▲ Process Automation
- ▲ Technology Integration
- ▲ Change Management
- ▲ Performance Analytics

Package 2: Advanced IT and Digital Enhancement

From €15,000

Building on the Essential IT and Digital Foundation, this package adds advanced IT services and digital transformation solutions to enhance your business operations and productivity.

▲ All services from Package 1

Additional IT Services:

- ▲ Database Administration
- ▲ Virtualization Services
- ▲ Server Management
- ▲ Network Security
- ▲ Application Support

Additional Digital Transformation Services:

- ▲ Cloud Transformation
- ▲ IoT Integration
- ▲ Customer Experience Improvement
- ▲ Workforce Enablement
- ▲ Legacy System Modernization

Package 3: Comprehensive IT and Digital Growth

From €25,000

This comprehensive package includes all the services from the previous packages and introduces more specialised IT and digital transformation solutions to support your business growth and innovation.

▲ All services from Package 2

Additional IT Services:

- ▲ Advanced Network Security
- ▲ Comprehensive Telephony Solutions
- ▲ Advanced Mobile Device Management
- ▲ Advanced Print Management
- ▲ Complete Remote IT Support

Additional Digital Transformation Services:

- ▲ Advanced Performance Analytics
- ▲ Strategic IT Consulting
- ▲ Risk Management
- ▲ Compliance Consulting
- ▲ Vendor Management

Package 4: Enterprise IT and Digital Excellence

From €45,000

Our most extensive package, Enterprise IT and Digital Excellence includes all services from the previous packages and provides a full suite of IT and digital transformation solutions designed to ensure your business achieves operational excellence and competitive advantage.

▲ All services from Package 3

Additional IT Services:

- ▲ Full System Administration
- ▲ Advanced Server Management
- ▲ Complete Database Administration
- ▲ Comprehensive Virtualization Services
- ▲ Full Backup and Recovery Solutions

Additional Digital Transformation Services:

- ▲ Innovation Consulting
- ▲ Business Continuity Planning
- ▲ IT Governance
- ▲ Cost Optimization
- ▲ AI Consulting Services (AI Strategy Development, Machine Learning Solutions)
